

3 + 4 DUAL DEGREE PROGRAM

The future of pharmacy and the advancement of science starts with you. Our agreement with the University at Albany (UA) gives you the option to complete the bachelor's degree in Chemistry from UA and the Doctor of Pharmacy degree from ACPHS in just seven years.

HOW TO APPLY:

- Apply to the Chemistry program at the University at Albany (UA).
- Submit a copy of your application to ACPHS. You will need to be accepted to each program individually based on each institution's admissions standards.
- You will formally apply to the Doctor of Pharmacy program at ACPHS by December 1st of your third year at the University at Albany.

HOW IT WORKS:

- You will attend the University at Albany for the first three years of the program, pursuing your bachelor's degree in Chemistry.
- You will attend ACPHS for the final four years of the program, completing the requirements for your bachelor's degree and Doctor of Pharmacy degree.
- Students will matriculate at ACPHS once the following have occurred:
 - Completion of at least 90 credits at UA with a GPA of 3.0 or higher
 - Completion of required pre-pharmacy courses at UA
 - Successful completion of interview with ACPHS
 - Completion of the PCAT with a satisfactory score
- You will receive your bachelor's degree from UA once you have completed the first year of the Doctor of Pharmacy program at ACPHS.
